Are you worried about the health of your loved ones?

COMPREHENSIVELY DESIGNED
PREVENTIVE HEALTH
CHECK-UP PLANS FOR “EVERYONE”

SUNFLOWER
LABORATORY & DIAGNOSTIC CENTER
Excellence in Diagnostics

One step towards
living longer and
healthier life.

Health checks help you find out if you are suffering from a particular disease or condition even if you feel perfectly well, without any symptoms. Early detection and appropriate management can result in better outcomes and lower risk of serious complications.

At our center we have carefully designed **Preventive Health Check-up** panels to help screen and assess many important risk factors for these diseases.
